Two-Day Annual Meeting of G. O. P. Women Set for Next Week.

Democrats Hoping To Win Many Offices, Arrange "Victory Dinner."

BY MURKAY POWERS

Staff Correspondent for The Star

COLUMBUS, O., May 3.—Political party leaders, straining at the barrier and chafing over the inactivity of the past few weeks, today had launched plans for two big rallies to be held here within the next five weeks.

Ohio Council of Republican Women expects 1,000 women from every county in the state to attend the two-day annual meeting and rally next Thursday and Friday at the Neil house here. At the annual banquet the league is making plans to seat 1,500 Republican men and women. The dinner will be the climax of the session.

At the same time the Democrats, eagerly looking for victory in the November election will stage a Democratic victory dinner Thursday night, June 3. The dinner will mark the beginning of a concerted movement, an announcement from Henry G. Brunner, Democratic state executive committee chairman, today said, to "capture national, state and county offices in the November election."

Notables on Program

Frances Davison of Washington, D. C., assistant secretary or war, Gov. Myers Y. Conner, U. S. Senator Ross C. McCulloch of Canton, U. S. Senator Simon D. Euse of Yellow Springs, Maurice Maselik of Cleveland, Republican national committee man from Ohio, and Mrs. Louis Ogden Denck of Ashland, Republican state chairwoman, will appear on the program at the Republican women's banquet.

Mrs. Wilma Shuey Le Van, of Steubenville, president of the Ohio council, also will speak at the banquet.

Le Van may also take place at this meeting. Although the Steubenville woman has asked that the nominating committee not consider her name, it is probable that she will be presented again to the council for reelection.

Among the delegates to the rally will be the Akron Ladies Glee club.

Jessie Shuey, chairman of the National Democratic executive committee, will be the guest of honor at the Democratic victory dinner, Ohio Democratic leaders also will be on the program, Brunner has announced. The

FINAL BALLOT DRIVE ON IN PARKER FIGHT

Both Sides Work on Doubtful Votes; Roll Call May Come Monday.

By the Associated Press

WASHINGTON, May 3.—A week-end recess brought a surface lull today in the senate's dispute over the nomination of Judge John J. Parker as an associate justice of the supreme court, but efforts to swing doubtful votes into the respective balloting columns of the two opposed factions went forward unabated.

A roll call which will decide the issue of confirmation or rejection will be taken early in the week, possibly on Monday. Today the outcome of the vote was uncertain. Eight members of the senate were conceded to be undecided and upon these the persuasive talents of the sponsors and opponents of the North Carolina jurist were concentrated.

A week of debate, ending last night, brought into prominence the associations of labor and negro organizations that Judge Parker had been opposed against the workingmen and the negro race, and the fundamental issue of the case, which is a contention that a showing of nomination would serve to increase the already large majority of conservative opinion on the supreme bench.

Senator Norris, independent Republican of Nebraska, posed the attack on Parker late yesterday with a three-hour speech expressing vigorous opposition to confirmation. He said that in the Red Justice division, Judge Parker had shown "the best of his mind, that the federal judiciary was creating laws as well as interpreting them, that many labor and negro men and women were denied justice before we give them an opportunity to pass on us."

Hoover Calls Off Fishing Trip

WASHINGTON, May 3.—President Hoover today called off his intended weekend trip to his Virginia fishing lodge to be available to his leaders in the senate who are struggling for the confirmation of Judge John J. Parker.

Normal Increase Over 10-Year Period Advised in Increasing Facilities.

By the Associated Press

COLUMBUS, O., May 3.—Recommendation that Ohio proceed immediately to renovate and expand its penal and welfare institutions to not only relieve present crowding conditions but to make room for thousands who are not now receiving institutional care and to provide for normal increase over a 10-year period was made by Governor Myers Y. Cooper to his special welfare committee today.

State Welfare Director Al H. Griswold had made a similar recommendation to the governor and in addition Griswold suggested to the committee that the expansion program be financed by a special tax levy instead of by his usual method.

While Mouser has made no formal declaration of his intention of seeking the Republican nomination for a second term, it is generally understood that he will be a candidate.

Only one incident has occurred so far in the campaign as seems to indicate that Smith may have opposition to the Democratic nomination for secretary of state.

Brooks Fletcher, whom Mouser defeated for the congressional seat two years ago, indicated after a recent visit here, that he might stage a comeback fight for his old post.

Fletcher, however, has made no positive statement of his intentions.

Whether Fletcher runs or not, Smith may have opposition at the primaries, it was indicated in Democratic circles here today. For several months Marion Democrats have been casting about the district for a prospective candidate. There was no indication here today that Smith was the candidate agreed upon.

Smith Demounces Tariff

In announcing his candidacy from Marion today, Smith denounced the Smoot tariff bill, saying that it "placed a billion dollar burden upon labor, agriculture and industry for the benefit of a few special privileged interests."

Smith was the Democratic candidate for congress in 1928, being defeated in the election by B. Clint Cole, Republican of Findlay. He is a former Marion postmaster and is an attorney.

PAUL MINUTT TO SPEAK

Numerous Patriotic Organizations Send Representatives To Plan Affair.

George T. Geran, attorney, was chosen grand marshal of the Memorial day parade to be held here on Friday, May 30, at a meeting of the committee in charge last night in the American Legion hall.

Col. George B. Christian, will be president of the day; T. E. Andrews, first vice-president, and Mayor L. D. Jones, second vice-president.

McNATT TO SPEAK

Paul V. McNatt, of Bloomington, Ind., past national commander of the American Legion, is to be the principal speaker.

Committees to handle the details of the program were named as follows:

Chairman J. W. Llewellyn, chairman Fred Morgan and Mrs. Edie Neidhart; Mrs. E. C. Johnson, Bernard Prior, A. E. Taylor and C. C. Caldwell, victory to Congressman Ruth Hamilton; Leo McCormick in his battle with Senator Charles S. Denson for the Republican nomination; James Hamilton, former senator, won the Democratic nomination without the support of his party.

Marking graves—Edwin Sloan, chairman; George Noggin, Phil Huber, C. R. Sneedor, Lee Hoxsey, Lewis Lewis, former senator, won the Democratic nomination without the support of his party.

Flowers—Elwood Brown, chairman; Mrs. C. G. Francis, Mrs. M. H. Frank, Ralph Earle, Mrs. Maude Jacoby, Mrs. Laura Elliott, Mrs. Anna Jones, Mrs. C. D. Carey, Mrs. George Kunkler, Mrs. Jeanette Terry and Mrs. Edie Davisson.

RENAMED CHAIRMAN OF ELECTION BOARD

Conflicting Reports Studied by Governor

Estimated that his own responsibility is clear as regards the Easter Monday fire that took the lives of 320 inmates of Ohio penitentiary. Governor Cooper today was making a further study of reports submitted to him yesterday by his special board of inquiry named to investigate the fire and investigators from the office of State Fire Marshal Ray H. Gill.

In a statement issued after a preliminary inspection of the report, the governor said he deemed it his responsibility to make the prison "fireproof and secure" and to see that it is "as safe as to bring about modern administrative control and discipline."

Will Returns to Home State To Mingle With Friends of Olden Days; Finds "Uncivilized" Indians Rich

"Smart" Ones Sold Their Land for \$1 an Acre, Then Oil Was Found.

BY WILL ROGERS

WILL all I know is what I read in the paper or what I am told from time to time, but to tell you the truth, I have come back from the West. I am a poor old fellow, they say, according to the world, but the Star of the Pacific, W. C. Fields, the man who is mighty nice, and the Western Wedding Artist, Eddie O'Brien, has all over the country. Look at them, it's like the old days, and this one gets by far the most beautiful and striking portraits, for lack of a better word, of a star, Anna Maria, leading her singing band, and she has done a number of great things written in her favor. She has on an old Sun Hat, off and fling skirts she truly a beauty. I think she is a Democrat, for she has a kind of民主的 (democratic) look, who she is going to be. The people don't know that the Big Mac have taken over everything. And we can only go through the door and see what the others do.

This old man George Mohr paid the whole cost of the thing, which must have run into lots of money, and he put on and entertained everybody on the bay of the universe. Well, it was the old home State, and I knew there would be a lot of old times there, so I just strolled around and got a couple of days off from my duty that I am making, and grabbed a plane out of here early in the morning, and was there to dinner that night, stayed all night and the next day, and left early the following day and was back here in Beverly Hills that evening at ten o'clock.

Plane after Plane.

You know its just funny what you can get to on one of those things distance just don't mean a thing. You just get up in the morning and any where you think of you want to be why you are there that same day.

ALUMNI OF SCHOOL WILL HOLD BANQUET

Arrangements Are Completed for Meeting To Be Held at Caledonia May 17.

CALDONIA, May 3—Plans for the annual alumni banquet of the Caledonia High School Alumni association were made at a meeting of the executive committee of the home of Miss Wanda Giddis. Frank Stanley, president of the association, had charge. Date for the reunion and banquet was set for Saturday night May 17, and will be held in the Edmonia Club's hall addition. Members of the executive committee composed of Frank Stanley, Gerald Miller, Miss Zeta Hill and Miss Wanda Giddis will be charge of the various arrangements.

Eleven members of the Ladies' Aid society of the Universalist church responded to a call at a meeting of the society at the home of Mrs. Limer M. Drury. Thursday afternoon Mrs. G. C. Lanier, Mrs. John Lindsey, Mrs. Elizabeth Landry, Mrs. Grace Pennington and daughter, June of Marion were guests. The Rev. Elmer M. Drury conducted the devotions. Election of officers was held and resulted as follows: president, Mrs. A. P. Monnett; vice president, Mrs. D. A. Timon; secretary, Mrs. James Suckel; treasurer, Mrs. L. C. Osborne. Plans were discussed for the sixth convention of Universalist churches to be held here in June.

James Mitchell, a two and a half months' outfit of 4 Indians, who has been ill for several weeks, was taken to Grant Hospital, Columbus, that day, in the Home of Images, in ambulance. He will take treatment a few days present before an operation for gall stone.

Mrs. Leon Buckley will entertain the Women's Foreign Missionary Society of Memorial M. E. church at her home Thursday afternoon.

Conditions of Prayer

A SERMONETTE

BY THE REV. LAWRENCE A. WOOD
Pastor, Trinity Baptist Church

THREE are three conditions to prayer and of a deeper value. The living God, our heavenly Father, is eager to answer the cry of faith. There are conditions imposed upon prayer and when these conditions are complied with the answer to the prayer offered is sure and certain. For God to answer prayer when these conditions are not met up to the part of man would be for God to disown himself and to endanger his reputation. The statements contained in the Bible and the experiences of man induce us to make clear the highway which leads to the answer to prayer. Some of the authorities along the road of life which affect God's judgment of offering with man and the response upon which the answers granted are as follows:

First. There must be dependence upon the word of Jesus Christ. This is expressed God in many ways. Jesus Christ is the only God who can remove our sins. He said, "I am come unto you to forgive your sins." John 3:18. He said, "If thou shall ask anything in my name, I will do it." John 14:14. "In my name" is not a simple term, it indicates a relationship which has been established. This relationship must exist before answer to prayer can be definite.

Second. Repentance from wrong participation in known sin is essential to secure answer to prayer. When the man who prays is finding pleasure in sin, even in the Lord will not answer his prayer. To secure answer to prayer under these conditions would be a salvation sin. The Bible is very positive in regard to this. "If I regard iniquity in my heart, the Lord will not hear me." Ps. 66:14.

Third. Answering condition essential to presenting prayer in faith in God's word. God has given man his definite promises. Now to believe God's word is the same as to say that God is trustworthy and a performer. The man who desires to secure God's help must believe that God is and that He is the rewarder of those who diligently seek Him. This is stated fully in the eleventh chapter of Hebrews.

Fourth. Man's asking must be in accordance with God's revealed will. There is no difficulty in ascertaining the will of God when a man has lived in Christ's personal favour, when he is led by the Holy Spirit, and knows and seeks to conform to the statements of the Scriptures. When these conditions prevail the Holy Spirit prompts the Christian to pray. This enables man to ask for that which is in God's power and which is for man's good. God delights to answer the petitions of those who find their greatest pleasure in doing His will and honoring Him.

THIS IS POLICY OF LEFFLER'S BUSINESS

**COMPANY HERE
FOUNDED 1857**

Stock Has Been Increased To
Include Numerous Lines for
Building Trade.

This firm and many others in similar
businesses throughout the country have rec-
ognized the demands of the growing
public and have endeavored to furnish
the necessary and well developed and
varied selection of merchandise to meet
such these demands.

This firm, which carries the policy
of the Leffler Builders Supply &
Coal Company, more generally known
as "Leffler's". The first Leffler started
in supplying this vicinity with building
materials in 1857, and his son, the
present head of the firm, entered the
business in 1888. Associated with him
is the third generation repres-
ented by Carl W. Leffler.

Increase Line

It has always, during these three
generations, been possible for them to
say, "We carry a complete line of
fireproof building materials." To the
cement, brick, sand, etc., used in con-
struction work, has been added coal
pans and automatic coal burners.

To many people, a brick is a brick but this popular conception is quickly
dispelled when Lefflers are permitted
to show and explain the many avail-
able colors, shapes and sizes of Bel-
lona brick, which they feature. To fa-
cilitate a choice they have panels ar-
ranged in displays so that an idea
may be obtained of how they will
appear in actual use.

The same is true of the line of
Weaver-Wall roofing. This is a line
of composition fireproof materials
which will add long life as well as
beauty to homes or other buildings.

Bellona bricks and Tapestry Weaver-Wall
roofing are being used by
Boris Bass and Huraff in the con-
struction of a beautiful new home on
Cherry st. for J. E. Strawser.

Carry Paints, Varnishes

One of the more recent additions
to Leffler's services is Glidden paints
and varnishes. They are manufactured
in Cleveland and include paints
and varnishes for every purpose. The
name Glidden is well and favorably
known the world over and its reception
here has been very satisfactory.
In addition, they are representatives
for Ripolite—the original Holland
enamels, varnishes and lacquers. A
complete line of colors are carried in
stock.

The American Encaustic Tile Co.
have chosen Leffler to dispense their
lines of tiles. This well-known factory
produces tile of all colors and
designs for use on floors and in bath-
rooms and fireplaces. Panel displays
of tiles are also shown to assist in
making a choice.

In this age of automatic machinery,
Concord-Silver, the automatic coal
burner heads the list in its field. Its
installation by such firms as the
Michigan Central, the Charles
Warren residence at Detroit; the
Bon Ton Laundry, Chicago; the
LaSalle Maple Garden apartments, Chi-
cago; Midland Theater, Newark, O.;
Oak Grove Leaf Dairies, Toledo; and
the F. A. Seeholzer residence, Akron,
give some idea of its universal accept-
ance.

Saves in Fuel

Actual experience proves substantial
savings in fuel cost through
use of lower priced fuel, complete
elimination of smoke, automatic con-
trol of heat, hot water or steam and
a big reduction of boiler attendance.

A few words of description fail to
do justice to the extensive operations
of this firm so Leffler extend a cordial
invitation for those interested to
bring their building, painting or heating
problems to them for discussion.
The results of their long experience
will gladly be given.

According to two Japanese scien-
tists, rotation of the earth, causing
it to expand and contract slightly, has
caused cracks of earthquake disturbance
to move away from the equator.

**RURAL HOMES ARE
NOW MADE MODERN**

Products of Delco Company
Are Boon to Farm Residents
For Light and Heat.

Complete modernization of rural
and suburban homes now is possible
as it was brought out at the Interna-
tional convention of the Delco
Light Co., which was held recently
at the Stevens Hotel in Chicago, ac-
cording to S. E. Mohat, the local
dealer who has just returned from
the convention of the General Motors
subsidiary.

Announcements of new products
and improvements in other lines of the
Delco-Light Co. were made at the
convention.

Delco, which provides gas for
kitchen ranges, hot water heaters and
other gas-burning equipment, was one
of the new products made available
at a new low price.

This product, added to those al-
ready manufactured by the company,
gives city modernization regardless of
the location of the home, Mohat said.

The company started manufacturing
individual farm electric plants
14 years ago and now there are more
than 350,000 units giving electric
light and power to rural homes. The
new Delco-Light plant, were an
announced at the convention.

WEEK'S BANK CLEARINGS

Bank clearings totalled \$483,021.62
for the week ending Thursday, clear-
ing house reports show. The total
was considerably augmented by the
May 1 clearings of \$132,933.15, which
was the largest amount cleared in any
one day of the week.

**FACE BRICK ADDS
NOTE OF BEAUTY**

Baldau & Schlientz Will Furnish
65,000 Bricks for New
Grade School Here.

Outstanding style and lasting color
fully explain the wide popularity
of face brick for modern homes.

From colonial days, the brick home
has always seemed to say, "We're
whole folks live here." It has stood for
substantial position, safety, beauty
and permanence. Within recent years
makers of face brick have learned to
produce pleasing textures and colors in
diverse varieties. Today the brick is
in a mark of good taste and
good judgment.

Baldau & Schlientz, one of Marion's leading dealers of brick and
building materials, are supplying 65,
000 grey buff and tan brick for the
new school which is being constructed
at the corner of Indiana and Penney-
wick avs.

The new home of A. W. Newby on
Brightwood Dr., is of Virginia
colonial colonial style. It is being
constructed in red brick from Baldau &
Schlientz.

**SPANISH DESIGN IS
POPULAR IN WEST**

Colorful Appearance Achieved
by Use of Red Tile in
Roof Construction.

SPANISH architecture is employed
to give this sizeable home at the
left a design that is especially attrac-
tive in the south and west.

A lot from 50 to 80 feet wide and
100 feet deep is most suitable to allow
for an appropriate setting.

Colorful appearance is achieved
with a red tile roof combined with a
stone. Woodwork trimmings are in
natural weathered gray.

Designed for climate where weather
allows for outdoor sleeping, the
house provides for a convenient porch
for that purpose.

An attractive in the living room is
a reading nook adjacent to the book
shelf planned for one corner. An
arch window allows for ample light
there.

Three bedrooms and two baths all
are well ventilated.

Landscape can be arranged to conform
with the style of the house itself.

Considering costs of material and
labor in different sections, it is esti-
mated construction costs would range
between \$30,000 and \$11,000 in most
places, although variations will de-
pend on exact materials chosen.

**BUY COAL NOW IS
EXPERT'S ADVICE**

Ohio State University Engi-
neer Says Small Lumps
Best for Domestic Use.

Star Bureau Special

COLD MURK, May 3.—Although
many Ohioans have only recently let
their furnace fire out, now is the
best time to lay in next winter's
coal, according to H. M. Fair, coal
research engineer with the engineering
experiment station, Ohio State
university.

Ohioans have several fallacies about
coal, he writes in the current issue of
the Engineering Experiment Station
News.

One of them, he says, is to pur-
chase their winter's coal in the late
summer or fall. Another is to insist
upon lump coal, when smaller sizes
are more suitable for domestic use.

In the spring, he points out,
domestic coal is usually a drag on
the market. The few customers, he
says, take advantage of the seasonal
low prices. Another advantage, he
adds, is that it can be had in before
spring homecleaning.

The criminal element has no business striking a blow like that at the health of our citizenship.

To the surprise of his friends and the citizens of New York City generally, Mayor Walker, who was supposed to be sick in bed, as a result of overwork, celebrated May day by leaving for Bermuda, accompanied by his valet only. Well, James shouldn't experience much difficulty there in finding what he may deem the proper medicine for what's ailing him.

Charles W. Paddock, the Olympic sprinting star, has been sued by a twenty-five-year-old actress for \$100,000 for breach of promise. The one amazing phase of the proceeding is how the plaintiff, in this epoch of doing his things in a big way, ever happened to place the damage done her poor heart at such a trifling figure.

John Jacob Astor, of New York, has been allowed a refund of \$325,000 on the income taxes paid by him in 1921 and 1923. First Mr. Rockefeller and now Mr. Astor. Who knows? Almost any day now the hard-working spreaders of joy and sunshine in paragraphs may be made glad by nice fat checks from Uncle Sam.

Canada's New Tariff Plan.

While the plan of Canada to use the tariff rates we impose on certain articles exported by her to us as the rates on the same articles imported by her from us may be without precedent, it is hard to find where it affords ground for complaint on our part.

In his speech on the budget, on which the Canadian government proposes to make its campaign for support, Charles Duncanson, minister of finance, announced that tariff rates set by the United States on certain commodities, including vegetables, dairy products and grains, may hereafter automatically become the rates of Canada against the same products from this country. He held that such a course should not be held retaliatory. He preferred, he said, a non-retaliatory policy, rather than a retaliatory.

There can be no question but what this country will suffer to some extent from the proposed tariff policy of the Dominion, for its lessening of the duties on imports from the mother country and some of her colonies and possessions on many products and the placing of many others on the free list can not do other than adversely affect our trade, but the situation is not one in which we have ground for objection.

There must be admission of the fairness of the Canadian finance minister's summing up of the situation when he says:

"Those who raise prohibitory barriers against our products entering their markets must expect that we will extend favor to our own good customers rather than to others. I would speak in no spirit of retaliation. I would rather extend lower tariff favors to those who extend them to us than to force up higher tariffs in return for like treatment."

The Penitentiary Inquiry Report.

The report of the inquiry into the fire at Marion State Prison, conducted September 24, 1926, by General Hospital No. 1, Dr. J. E. Dowd and Harry C. Gandy, a panel of experts consisting of members of the Marion County Board of Health, of Marion, Ohio, and State Director of Welfare, Mrs. H. G. Wood, is printed in full in this issue. What action may be taken as a result of the report of course cannot be known, but more than likely for inspection.

The four findings of the inquiry board are as follows: 1. That the temporary lighting installed on the day of the fire on the construction work on the East Block were improper and dangerous both in type and manner of installation, and that they constituted the proximate cause of the fire.

Finding No. 1. We find that the temporary lighting arrangements installed on the day of the fire on the construction work on the East Block were improper and dangerous both in type and manner of installation, and that they constituted the proximate cause of the fire.

Finding No. 2. We find that a dangerous and hazardous temporary condition here existed, and that from the standpoint both of protecting the construction work on the I and K block and of safeguarding the lives of the shop prisoners in the G and H block, reasonable care required either the burning off of the current or the maintenance of a patrol or guard on the construction work when the work was not in progress.

Finding No. 3. We find that there was negligence in failing to have an organized plan of meeting the emergency of fire in the cell house and that when the emergency of fire arose there was delay in transmitting the alarm of fire and confusion as to how the prisoners in the cell block should be handled, which delay and confusion we find to be directly traceable to the lack of an organized plan of meeting the emergency of fire, and that this failure directly contributed to cause loss of life.

Finding No. 4. We find that there was failure to designate some one after the emergency arose to take command of the situation at the burning cell house and that this failure directly contributed to cause the loss of life.

Such are the board's findings, and now to the board's summary of the testimony and its comments thereon.

The report refers to testimony showing that the temporary wiring was suspended by insulated wires which were twisted about nails driven into wooden beams under the roof of blocks I and K in course of construction; that there was a wooden partition only between these cell blocks and cell blocks G and H in which the chief life loss occurred, and that the lights had flickered badly during the afternoon of the day of the fire and had gone entirely out at one time. It is set out that, despite the fact that the fire was discovered between 5:29 and 5:30, an alarm was not sent in from the penitentiary till 5:40 o'clock. The report shows that the deputy warden was absent on leave, but that no one was assigned to his duties. It brings out that unlocking the cells would not have meant the release of the prisoners from the penitentiary.

"It is also fully recognized," reads the report, "that antiquated equipment and the condition of overcrowding present problems demanding a high order of administrative ability. These very conditions called for the exercise of a higher degree of care than would be necessary in a modern penal institution. Our inquiry has led us to the conclusion that the degree of care which the circumstances required was not exercised as set forth heretofore in full detail in our findings of fact and conclusions of negligence appearing in the body of this report."

Where does responsibility for failure to turn off the electric current or place guards or patrols over the temporary lighting installed fall? Where does responsibility for failure of a plan to meet the emergency of fire rest? Whose duty was it to place some one in command of the situation inside the prison yard to direct the work of freeing the prisoners from the flame and smoke-filled cells? Whose was the negligence to which reference is made?

One reading the report can not escape the conclusion that, in the view of the board of inquiry, the answer to all these questions is: "The warden." Governor Cooper manifestly recognizes the report as an indictment of the warden, for he comes to his defense, by aluding to the report of Vice Marshal Ray R. Gill, which holds that the fire was of incendiary origin, and directs attention to a phase of the situation to which the board's report gives but incidental attention by concluding his statement with the observation that it must not be overlooked that the penitentiary official may have been considering the serious consequences of riot and wholesale escape.

This is that the citizenship of Ohio has two conflicting views in regard to the origin of the fire, one of which would tend to cause the general personnel of the prison to exercise special vigilance against a wholesale prison break, and the other persons from whom to watch the conduct of persons below and negligence or carelessness offering about as good a ground for a day of rioting as any other.

Food, Air, Sunshine!

BY ROYAL S. COPELAND, M.D.

A lack of proper diet, of fresh air and sunshine play havoc with the physical health. There are thousands of persons, each of whom can trace a definite page of conduct to the lack of a nutritious diet and a sun in existence.

While it may not be traced directly to the neglect of logical antenna in a disease which is all too prevalent among persons who are guilty of such neglect, it is a disease of so much importance that attention must be directed to it. Antenna and television are in a close, closely allied. In fact there is a breaking down of the red corpuscles of the blood. This coloring matter in the blood, called "hemoglobin," contains iron and oxygen, elements which are absolutely essential to strength and good health.

It is believed that the Egyptians proceeded as follows: Suppose that two vessels of the same height, one with a circular base and the other with a square base equal to the circumscribed square of the circle, are filled with water. Then by weighing the water in each container it would be found that the quantities are as sixty-four to eighty-one. Thus a square is to pi times d square over four as eighty-one is to sixty-four, giving pi equal to 256 over eighty-one.

There is no doubt that the reducing fad of the past few years has been conducive to thousands of cases of anemia and tuberculosis. For fashion's sake, girls go with the proper feed. They remain thin, or get thin, and fail in health to an alarming extent.

It makes no difference what type of anemia the patient has, there will be less of strength and vigor. The skin and the lips are pale. The pulse and breathing are rapid, the digestion is poor, and there is frequent sleep. Headache and dizziness, sometimes fainting, and neuralgic pains occur.

You can not have red blood and good food unless you eat up protein. You must have the foods that contain the minerals, especially iron. You must have your full share of the mysterious vitamins. This means you must choose your food with care.

Another cause for anemia is the absorption of poison from the wastes of the body. Constipation and fermentation in the bowels can not be disregarded as to their fruitful output of body poisons.

You can not be well if the body is a chronic infection of day and night. The absorption of pus from diseased glands, teeth, tonsils or other parts of the body may be followed by an anemic condition.

Overwork, worry and anxiety conditions all take their toll of the nervous system. This brings to one of the chief causes of anemia, and that is bad hygiene. If you live in unhealthful surroundings without fresh air, an abundance of light and sunshine, plenty of wholesome exercise, you are sure to impair your blood.

Experiments have shown that there are certain foods which build up the red corpuscles of the blood more quickly than others. Liver ranks first as a blood-building food. You may use either liver, beef, pork or chicken liver—they possess similar properties.

A person who is anemic himself much appreciates this food. On the other hand, it is essential to find new ways of serving food to make it attractive and appealing. Liver may be served in many different ways.

The anemic persons should have a diet which is simple and nutritious. This should include foods rich in iron, such as red, tender beef, liver, eggs and plenty of good milk, well-made bread and butter. Also spinach, beets, carrots and most of the green vegetables should be included. The fresh fruits, especially the citrus fruits and strawberries are rich in iron. Dried prunes, almonds and walnuts are also good.

You can not neglect the diet and religion in good health. It needs some intelligence to select and maintain a proper diet, but it certainly pays in the end. Now is the time of year to take advantage of the out-of-doors. Sunshine is your best friend in regaining health.

Old-Fashioned Lilacs

If April had been the girl we always hoped she'd be now would be enjoying a bouquet of those lovely old-fashioned, sweet smelling lilacs.

Of course they are blossoming but their spirits seem to be somewhat squelched and drooping. To be sure there will be flowers and flowers but who is going to be satisfied with snowballs when they crave lilies and violets?

Would You Believe?

DARK days loom ahead for Marion kids, little and big! Would you believe it, here it is past the first of May and not an advance man for a circus in sight? However are we going to keep up on our animals and isn't it a cause for tears when one thinks of the fathers who have been looking forward to 1930, the year when Johnnie will be old enough to take to the circus? There's good for thought right here, along with the rest of the worries.

THE GUMPS

4 YEARS HAVE ELAPSED -
4 YEARS THE WIDOW ZANDER HAS LIVED IN PEACE AND SAFETY - IT HAS BEEN
4 YEARS SINCE CARLOS WAS SENT TO PRISON FOR BLACK MAIL -
4 YEARS SINCE WE HAVE SEEN HIS FACE -
4 YEARS SINCE HIS TOTAL ECLIPSE - WHEN SUDDENLY OUT OF THE MISTY PAST - AS THOUGH A VEIL HAD BEEN LIFTED - HIS FEATURES APPEAR ONCE MORE - CRUEL - MENACING - COILED FOR ANY ATTACK - AGAIN THE ADDER IS ABOUT TO SPRING -

WHAT BRINGS HIM HERE?
WHERE HAS HE BEEN?
WHO WILL BE HIS VICTIM?
WHEN WILL HE STRIKE?
?

CARLOS
THE IMMUNE

NO TRAP OR PRISON CELL STRONG ENOUGH TO HOLD THIS MAN -

USING AS A PHILANTHROPIST IN THE DAY TIME -

THIS WILL BE A BIG SURPRISE TO TILLIE - I DIDN'T WRITE I'D BE BACK IN TOWN TODAY

POLLY AND HER PALS

I GOTTA HAND IT TO ASHUR FOR HAVING HYPNOTIZED COUSIN CARRIE TO SLEEP! SHE SHORE WAS A TOUGH SUBJECT!

HEY, MAW! YOU DON'T KNOW THE HALF OF IT!

Poor ole Ash Hadda CONCENTRATE SO HARD ON HYPNOTIZING COUSIN CARRIE.

THAT HE'S WENT AN' PUT HIMSELF TO SLEEP SIMULTANEOUSLY!

BLESS MY SOUL AND BODY!

TOOTS AND CASPER

THE BEST WAY TO BUST UP THE ROMANCE BETWEEN DANNY HOOFER AND MABEL IS TO GET HIM OUT OF THE COUNTRY! I HOPE DANNY ACCEPTS THE JOB I GOT FOR HIM IN CAIRO, EGYPT!

I APPRECIATE YOUR EFFORTS IN MY BEHALF, MR. CASPER, BUT I WOULDN'T CONSIDER GOING TO EGYPT! NOSIREE! THIS COUNTRY IS GOOD ENOUGH FOR ME!

YOU'RE MAKING A BIG MISTAKE, DANNY! IT'S A GOOD JOB! GOOD SALARY, AND A CHANCE FOR YOU TO SEE THE WORLD!

WHY COURSE DANNY ISN'T GOING SO FAR AWAY!
DONT ASK ME TO DO ANYTHING MORE FOR DANNY, COLONEL HOOFER!
I GOT HIM A SWELL JOB AND HE TURNED IT DOWN! THAT BOY DOESN'T WANT TO WORK! NO AMBITION!

LOOK WHAT I FOUND, ZERO - A HORSESHOE WITH NAILS IN IT TOO - I GUESS YOU KNOW THAT MEANS GOOD LUCK IS COMIN' MY WAY...

...SO YOU KNOW WHERE MY OLD SHIPMATE IS ANCHORED?

OH NO - MR ALBERT AINT MARRIED - I'M JUST AN ORPHAN THAT LIVES WITH HIM -

I'M GLAD HE HASN'T SIGNED ARTICLES WITH ANY FEMALE WOMEN - AS I'VE COME TO ASK HIM TO SHIP WITH ME AGAIN - HE WAS ALWAYS A TRUE SHIPMATE
